

**ECCR**

ENVIRONMENTAL COLLABORATION &  
CONFLICT RESOLUTION NETWORK

## **Environmental Collaboration and Conflict Resolution (ECCR) Course at UEF Summer School**

**17-21 August 2026 | University of Eastern Finland | Finland**

This course offers an in-depth exploration of environmental collaboration and conflict resolution strategies. Combining theoretical foundations with real-world case studies, participants will explore concepts and tools that support collaboration, analyze environmental conflicts, and critically reflect on how collaboration works in different social, cultural, and ecological contexts. Classroom sessions will be complemented by a field excursion. This is a 5 ECTS course and will be held in-person in Joensuu, Finland.

### **How to apply:**

This course is part of the University of Eastern Finland (UEF) Summer School. Participants should apply via the DreamApply portal: <https://apply.summerschool.uef.fi/courses/course/66-environmental-collaboration-and-conflict-resolution>. **Deadline for applications: 15 April 2026.**
